Notice No. 05-31

Date: September 27, 2005

Emergency Underwater Utility Line Repairs
Monongahela River, Mile 80.2

1. **TO WHOM IT MAY CONCERN:** The Columbia Gas Transmission Company of Pennsylvania has been given permission to begin emergency underwater repairs to a ruptured 10" diameter steel high pressure gas transmission line crossing beneath the Monongahela River at River Mile 80.2, near the Whiteley Creek bend at Mt. Sterling. The repair project is anticipated to be one week in duration beginning Monday, October 3, 2005 and will involve underwater diving, repairs, welding, etc. It is anticipated that repairs will take five 10-hour days to complete working from 7:00 A.M. to 5:00 P.M. daily. The floating plant equipment involved with this work will be moored along the shoreline and lighted during non-work hours.
2. Navigators are requested to exercise extreme caution when transiting this area.
3. Questions can be directed to Mr. Fred Pozzuto, Chief, Permit Enforcement and Surveillance Section, U.S. Army Corps of Engineers, Pittsburgh District at (412)395-7275.

FOR THE DISTRICT ENGINEER:
